tools and accessories

CONNEX LINK 8,9, 10 & 10 SPEED SHIMANO	Chain Wear Indicator	Biker Bracelet	Chain Tool
The best tool-free chain connector made. Stainless steel. Fits on all chains. Available for 10-speed camp. (6.2mm), 10-speed shim. (6.0 mm), 9-speed (6.5mm) & 8-speed (7.2mm)	The no-brainer chain wear gauge. Just lay it down on the chain-if there's space showing you're good to go. If it lies flat on the chain it's stretched and causing undue cog and chainring wear, requiring replacement.	It is a miniature fully nickel-plated chain. Size S and L.	3 x 4 cm, smallest chain-tool. Compatible with 8-speed thru 10-speed. Folding, pocket-friendly design - no sharp edges or corners. Incl. 9-speed connex link in internal compartment.
